

office furniture

People don't always notice the layout, but they never miss the furniture.

It says so much about your business and how people feel, particularly if they are using it for 35 hours a week.

Off-the-peg or bespoke, we make sure that furniture looks good, feels good and increases your productivity.

Systems furniture

Space-pod is an approved distributor of Techo and J.F. Nott office furniture. Both companies design and manufacture high-quality, competitively priced office furniture systems.

Bespoke furniture

We have extensive experience of designing custom built or bespoke furniture for specific applications,

Ask space-pod To find out more about our services and discuss your needs without any obligation, call space-pod today on 08704 321515 or visit www.space-pod.co.uk

such as banking furniture, TV production suites, hotel furniture, boardroom tables and associated credenza's and media walls.

Desk ergonomics

Ergonomics is the study of the interface between the user and the built environment.

When designing your scheme, we ensure through the use of appropriate space standards and commercial products that your staff are working in an efficient manner with the correct furniture, lighting and storage etc. This is to ensure that they are ergonomically efficient and less likely to suffer from ailments such as Repetitive Strain Injury (RSI) as a result of their working environment.
